It is our great pleasure to welcome you to the first ever European Cultural Heritage Summit, one of the key European events of the European Year of Cultural Heritage.

The Summit’s weeklong programme comprises numerous policy, expert and public events around the theme of “Sharing Heritage – Sharing Values”. These events are organised either by the three hosts of the Summit or by one of our numerous partners from across Europe. From scientific conferences to networking evenings; from policy debates to exhibitions and inspiring heritage visits; from celebrating excellence to creative sessions and even dancing in a museum; from activities for young heritage professionals and volunteers to a high-profile awards ceremony. Such a rich programme of activities was made possible thanks to the dedication of so many professionals and volunteers from all over Europe. This is a perfect demonstration of how vibrant, creative and dynamic the world of cultural heritage in Europe is.

It is no coincidence that the Summit takes place in Berlin. It was in October 2014 at the Reflection Group on “EU and Cultural Heritage” that the German Cultural Heritage Committee presented the visionary idea of organising a European Year of Cultural Heritage in 2018. From the very beginning, German organisations and the German government have been strongly committed to promoting the Year. Europa Nostra and other members of the European Heritage Alliance 3.3 immediately embraced this important European initiative. Gradually, all EU Institutions and Member States also offered their support. Today, we can all be proud of this great collective achievement that has attracted the active support and engagement of so many stakeholders.

The Summit will bring together heritage champions, experts and networks; high-ranking decision-makers acting at local, regional, national and European level as well as civil society organisations and citizens to share their expertise and experience to inspire others and energise their future work. It will thus seek to mobilise their joint commitment to cultural heritage in Europe as well as their active contribution to the adoption and implementation of an ambitious and innovative European Agenda for Cultural Heritage: an integral part of the new European Agenda for Culture and the lasting legacy of the European Year of Cultural Heritage.

As Summit hosts, we shall focus our joint efforts on the events taking place on 21 and 22 June. On 21 June the Excellence Fair will present the winners of the EU Prize for Cultural Heritage / Europa Nostra Awards 2018 and will be followed by the Open Heritage Evening on Berlin’s Museum Island, a UNESCO World Heritage Site. On 22 June the high-level European Policy Debate will be followed by the European Heritage Awards Ceremony 2018 in the presence of the Federal President of Germany Frank-Walter Steinmeier, who is Patron of the European Year of Cultural Heritage in Germany.

To end, we wish to express special thanks to the German Federal Government Commissioner for Culture and Media and the Senate Department for Culture and Europe, Berlin for their invaluable support to our Summit. In addition, the Summit benefits from the vital support of the European Commission and the EU’s Creative Europe Programme as well as many German and European partners, associates and private sponsors.

We warmly welcome you to Berlin – a European city “where the past meets the future”. We wish you a rewarding, inspiring and enjoyable European Cultural Heritage Summit during which we shall be “Sharing Our Heritage” and “Sharing Our Values”.

Maestro Plácido Domingo, President of Europa Nostra

Dr. Martina Münch, President of the German Cultural Heritage Committee and Minister of Culture in the State of Brandenburg

Prof. Dr Hermann Parzinger, President of the Prussian Cultural Heritage Foundation and Executive President of Europa Nostra

4 WORKSHOP PREVENTIVE CONSERVATION—RESEARCH AND BEST-PRACTICES IN LEIBNIZ RESEARCH MUSEUMS
In this workshop, the Leibniz Research Museums will present current projects that highlight the various approaches to preserving their collections—from medieval ships, archeological artefacts, and technical heritage to animal pelts and other objects of natural history.
**5 PANEL DEBATE EUROPEAN MYTH BERLIN**
Berlin—not particularly liked within Germany, admired throughout Europe, even in those parts, where Germany does not enjoy the best reputation. Visitors appreciate Berlin's unique European history—which most Berliners are not very proud of: central place of the national-socialist terror and centre and symbol of the cold war. How can this intertwined and together have become the visual signature of the knowledge society. When examining European examples comparatively, surprising parallels emerge, as well as national and local variants.

**8 PANEL DEBATE TUT-ANKH-AMON, SPACE SUIT & ARCHAEOPTERYX—HOW TO PRESERVE OUR CULTURAL HERITAGE?**
Mummies. The space suits of the first astronauts. The 150-million-year-old fossil of a primeval bird. All of these objects are our cultural heritage and we must ensure their long-term preservation. However, factors such as light, temperature, transport and pests can have negative effects. What should be preserved and how? Experts will discuss these and other challenges from different perspectives.
